The Bachelor of Engineering in Electrical Engineering (BEng Electrical) is a four year program that prepares students for a professional career as an Electrical Engineer. The BEng Electrical is recognized as a baccalaureate degree in British Columbia by the BC Ministry of Advanced Education and is nationally accredited by the Canadian Engineering Accreditation Board (CEAB). Free Engineering Books - list of freely available engineering textbooks, manuals, lecture notes, and other documents: electrical and electronic engineering, mechanical engineering, materials science, civil engineering, chemical and bioengineering, telecommunications, signal processing, etc.
